REMARKS

Claims 1 – 3 had been canceled with the submission of the substitute specification and new claims 4 and 5 had been submitted which were formally adapted to US format.

However, as stated by the Examiner, the language of these claims was awkward and repetitive.

Claims 4 and 5 have therefore been amended in an attempt to make them better readable.

The Examiner has basically allowed the claim as far as their content is concerned.

The language of the claims has been amended and clarified so as to render the claims more readable.

Reconsideration of claims 4 and 5 as amended is respectfully requested and the issuance of the Notice of Allowance is solicited.

Respectfully submitted,

K. Bach
